

Delivery of donations to Lybyem: the winners of the 2015 edition are known.

March 18, 2016, the day of leave for the second trimester, was the favorable opportunity for the group of alumni of the Biyem-Assi high school, to reward their cadets as it is already customary for three years.

A well-known adage says “*never two without three*”. An expression that corresponds well to this event that has become a tradition in this group. The alumni of the Lycée de Biyem-Assi have held once again to promote and reward talent and education in their children brothers. It is a total of 36 students of the first and second cycle who will spend the holidays of Family Easter with a smile. It was not until 13h to see “*the platform*” of this school being stormed by students of all grades and series.

Under the eyes of parents who came to celebrate excellence with their offspring, Mr. Jean KONTCHOU, principal and members of his staff took care of the organization of this solemn ceremony. If the pupils of the 6th class received grants in kind from a amount of 7500F each, those of the following classes were entitled to money orders to be withdrawn in all Express Union counters. The distribution was made as follows: a mandate 8000f for 5th, 4th and 3rd pupils .. Those of 2nd a mandate of 8500f and a mandate of 9000f for those of Première.

It should be noted that the scholarships received this year concern students who have occupied the first place in each class during the 2014-2015 academic year. 11 laureates did not received their scholarships and due to their absence or the change of establishment some. *"Make good use of what you have received and, above all, do not tell yourself that the school is over. There is no question for you to wander in the city without a fixed destination like*

Page 4

well informed of the principal to his students. 2 p.m. marked the end of the award ceremony scholarships but the delivery of notebooks for the second trimester is continued in the classrooms.

Proud parents and delighted students to see their efforts rewarded have left the facility. For Mr. Jean KONTCHOU, despite the efforts of the Parents of Students Association, the needs for teaching materials persist and concern tables-benches, concrete blocks etc. By thanking the various donors, he

expressed his wish to see all the groups of former students of the Biyem-assi high school federate to be a single group. So he is counting on everyone to give him their support during Excellence Day, which will also reward the brightest and take part in the end of the third trimester. Wishes he hopes *"will not fall on the ears of deaf"*.

As for the winners, they were:

Class No.	Name + Take	Average / 20	Sex
6th			
1	6 th 1 Momo Jiatsa Danielle Merveille	17.39	F
2	6 th 2 Guembu Sime Guy Valaire	16.95	M
3	6 th 3 Tchokote Wansi Uriel Ludwig	16.19	M
4	6 th 4 Bikele Yohann Manuelli	18.26	M

5th

7	5 th 1	Fokou Takam Firmin	16.36	M
